

As part of the Weaverland Valley Authority (WVA) Wastewater Treatment Facility and Collection/Conveyance Construction Project, the WVA contractor, HRI, Inc. (HRI) has begun probing for rock along SR 625 in East Earl Township and will soon begin excavating and installing new sanitary sewer facilities for the new Collection/Conveyance system.

As of Monday, January 16, 2023, the section of SR 625 that is closed between SR 23 (Main Street) and SR 1044 (Union Grove Road) is ONE WAY (NORTHBOUND) ONLY for property/business owners in that area who need to travel on the section of road that is closed.

If you have any questions about this project, please call the Authority Engineer, Becker Engineering, LLC at 717-295-4975 x112.
